Promoting Health & Wellness Through Technology

Hands-Free Flush

Ensures urinals and toilets are always flushed.

- Fixtures stay clean, odor-free & presentable.
- Easy 2 minute installation and battery replacement.
- Eliminates the need to touch flush handle, a major point of cross-contamination.
- ADA Compliant

Hands-Free Concentrate System

Keeps traps & bowls clean.

- Eliminates the need to scrub fixtures.
- Prevents scaling.
- Programmable dispensing for cost control.
- Eliminates odors at the source.
- Leaves surfaces sanitary, providing greater hygiene for your restrooms.
- Convenient, easy to change refills.

Hands-Free Soap System

Touch-free, trouble-free, automatic soap system.

- Always works.
- Eliminates clogs and drips.
- Installs in existing counter holes.
- Promotes health and wellness by eliminating cross-contamination.
- Three luxurious soaps to choose from.
- ADA Compliant

Hands-Free Faucet

Rinses hands without touching faucet handles.

- Extensive testing shows a significant decrease in average water usage and cost – up to 70%!
- Eliminates a source of cross-contamination.
- ADA Compliant

Compact Aerosol Dispenser

The signature of a clean, safe and comfortable restroom.

- Displays when batteries will need replacing *before* they expire (up to 36months).
- Displays how many days remain *before* the refill needs changing (lasts up to 168 days).
- Half the size of standard aerosol dispensers - Best image solution.

Compact Aerosol Refills

Fragrances from preferred fragrance zones meet everyone's preference.

- Transforms and eliminates "The Unavoidable Odors."
- Clean fresh scents signal hygiene and comfort.
- Three times the power per ounce of standard aerosols.

All Hands-Free Restroom components* are easy to use and are designed to make restroom cleanliness affordable.
