

# PRO•2000®

*Ice Melter*

# PRO•2000 Advantage

## Fast Action

**Pro•2000** combines the most effective deicing blend, creating the desired reaction to initiate deicing and meltdown. **Pro•2000** breaks the bond between the ice and the surface area. **Pro•2000** goes to work, it's time-released formula stays on the surface area longer, helping to control the freeze-thaw cycle.

## Easily Dispersed & Extended Shelf Life

**Pro•2000** is specially formulated with an anti-caking agent to remain free-flowing for easy dispersion.

## Health & Safety

**Pro•2000** is safe to handle without protective clothing. It does not dry out or irritate skin,

## Easy Application

Not only will you see the quick action of **Pro•2000** going to work on the snow & ice, specially coated with "Blue Melt", this product will allow the precise spreading to ensure cost-effective dispersion.

## Non-Tracking

When used properly, **Pro•2000** will remain where applied and will not cause any unsightly tracking or residue problems.

## Environmentally Formulated

Nature's own ingredients combine for just the right formula. Unlike some deicers, **Pro•2000** works to preserve vegetation and plant life when used as directed. With **Pro•2000** there is no slick, slimy tracking taking place, making clean up virtually non-existent.

## Traction Control

**Pro•2000** goes after the ice and snow clearing the way to safety. This specially formulated product contains Dolomite for added traction control, further enhancing performance.

## Corrosion Protection

Specially enhanced with **CMA (Calcium Magnesium Acetate)**, our formula guards against concrete and corrosion damage by forming a protective coating on the surface.
